English Language Resources for International Teaching Assistants and Faculty

The International Instructor Language Support Program (IILSP) has three main roles at UNC Charlotte:

To screen all International Teaching Assistants (ITAs) verifying their competency in teaching UNC Charlotte undergraduate populations, as dictated by state and University requirements. IILSP provides classes for those ITAs who need further competency before they are cleared for classroom duties.

To provide screening of all non-native English speaking candidates for full-time faculty positions and provide confidential English language support for faculty or visiting scholars.

To provide workshops to departments seeking further training on working with non-native speaking populations.

For testing or other information contact ITAsupport@uncc.edu. The IILSP is a program within the English Language Training Institute (ELTI), a unit within OIP which offers intensive English training to non-native speakers. More information on ELTI is available at elti.uncc.edu.
